A Surgical Operation. The Army and Navy Journal tells this story about the late Dr. Lewis A.

Sayre of New York city: "When a young medical student at the College of Physicians and Surgeons A Pennsylvania paper prints the following remarkable story: Coincident with the sentence of Henry E. Youtsey the operating table in full possession of his faculties, and as he listened to the discourse he grew whiter and whiter. Finally he jumped from the operating table, crying: 'Get me me breeches, be gob! I'll die with me leg on! And with that he was out of the ro "Dr. Sayre found him several days later with his knee badly swollen. Th young doctor promptly cut open the tad no lint to bind the wound, so he used the tow stuffing sticking out of an old horsehair sofa. When be called again, he found the wound so much improved that he reasoned that tow dipped in Peruvian balsam would not only "This was the foundation of one o

the most satisfactory successes he ever had in surgery. It was the means of introducing into the army the use of tarred bemp, or oakum, as a dressing for wounds."

Our Race For Money "If it is not true that we Americans egard money making as the work for which life was given to us, why, when ling to make more millions and more? with the older races. The London radesman at middle age shuts his hop, buys an acre in the suburbs and lives on a small income or spends the est of his life in losing it in poultry or fancy gardening. The German or Frenchman seldom works when past 30. He gives his last years to some study or hobby-music, a microscope, or it may be dominos. You meet him and his wife, jolly, shrewd, intelligent, jogging all over Europe, Bacdeker in hand. They tell you they have a curiosity to see this fine world before they go out of it."
